### WARNING CITATIONS:

CHARGE/VIOLATIONS	RESIDENT STATUS	
	Non-Resident	Resident
	0	0

### COMMENTS:

I would to say I was honored to represent the Commonwealth of Kentucky at the National DARE Conference as in Florida, although I was chosen as National DARE Officer of the Year, it still was a great honor to be there.

The issue of the golf cart (passenger style), driving recklessly on the wrong side of the roadway, through residents' yards and driving on the sidewalks, has not been seen since the beginning of July. Hopefully we can put this issue behind us.

Since school has started, we will see our community children standing at bus stops. Thank you to those parents and adults who taken time out of their busy schedule to be there to put the children on the school buses and there to meet the buses on the return home.

During the month there has been vandalism done to various locations within the subdivision and graffiti again added to stop signs as you exit the subdivision. Both the Oldham County and Louisville Metro Police Departments are looking for any leads that may help put a stop to this property damage.

I must sadly report of the other various burglaries, thefts and criminal mischief, during the month. There were six break-ins to vehicles in both the Oldham and Jefferson County sections of the subdivision. Items taken were mostly, CDs, money, golf clubs and golf items. With your help the home with was broken into, the suspect was identified and arrested with a few days after the incident. The criminal mischief suspects and vandals are still being sought by both Oldham County and Louisville Metro Police Departments.

Conducted various house watches for residents while they were out of town for various reasons.

Beginning in September, parking citations will be issued for vehicles parked the wrong way on the roadway, too close to the intersections and in front of the fire hydrants. No warning will be given, I know residents have been warned various times about parking on subdivision streets and now the enforcement begins.
