CITATIONS:

CHARGE/VIOLATIONS	RESIDENT STATUS	
	Non Resident	Resident
SPEEDING:	8	3
DISREGARDING STOP SIGN:	1	
PARKING	3	2

COMMENTS:

As I previously stated this month I have started issuing parking citations for vehicles parked the wrong way on the roadway, to close to the intersections and in front of the fire hydrants. I gave out no warning notices; each violation found within Jefferson County was given a parking citation. You have been warned various times about parking on subdivision streets and the enforcement has begun.

We had numerous parties during the month, particularly on Friday and Saturday night after various football games. I had to assist the 8th Division officers when one of these parties decided move their celebration to the roadway. No one was cited but advised they would be if they did not remain indoors.

Again during the month there was also vandalism and graffiti done to stop signs as you exit the subdivision. Louisville Metro Police Department is looking for any leads that may help put a stop to this property damage.

I have conducted various house watches for residents while they were out of town for various reasons.
